Objective

Motivated and detail-oriented Computer Science and Engineering student seeking an internship opportunity to apply theoretical knowledge in software development and gain hands-on experience in real-world projects. Passionate about problem-solving, coding, and learning new technologies.

Education

B.Sc. in Computer Science and Engineering
American International University – Bangladesh (AIUB)
May 2022 – Present (on going)

Projects

Bookshop Management System

- Developed using PHP, MySQL, HTML, CSS, JavaScript
- Features: Customer registration/login, Edit/Delete/View records, Payment method selection
- Connected with phpMyAdmin database for user management

Smart City (Graphics Design)

- Designed user-friendly visual layout and infographics for a conceptual Smart City interface
- Focused on usability, design consistency, and innovative layout structuring

Child Adoption System (using C#)

- Developed a C#-based desktop application for managing child adoption records
- Included functionalities for registration, approval workflows, and data reporting

Travel Agency Management System

- Designed and implemented a comprehensive system to manage travel bookings, customer details, and tour packages
- Integrated core functionalities including trip scheduling, customer record management, and automated invoice generation
- Focused on improving user experience and operational efficiency through a structured and user-friendly interface

Skills

- **Languages:** C++, Java, C#, PHP, Python, Kotlin
- **Web:** HTML, CSS, JavaScript, MySQL, Oracle
- **Tools:** Git & GitHub, VS Code, XAMPP, Anaconda, Android Studio
- **Others:** OOP, Data Structures, Basic Networking

Soft Skills

- Problem-solving
- Team collaboration
- Time management
- Fast learner

Certifications

IT Essentials – Cisco Networking Academy – Issued August 2022

Interests

Reading books, traveling, music, singing, games, acting, learning new languages, watching movies.
